The Executive committee recently discussed the subject of memorial donations. It was decided that such donations would be restricted to memorializing deceased members of the Grand River Valley Chapter of the ANG and that those donations would be made appropriately for educational projects at the national level. Voted on and passed by vote of the committee.

Old Business:

The minutes for the October minutes will be included with the January newsletter. Chapter dues are to be paid by the January meeting. The dues are \$16.00 and the meeting is January 19, 2008.

Anne thanked Betsy and her committee for the work done in lining up programs for next September and May of 2009. Several projects for September's class with Anne Strite-Kurtz were passed around. It was decided to have a small group look over the various options and make a choice.

A report was made on the placing of an ad in the November issue of On-the-Town magazine. No response yet to the ad.

Anne passed around a sample of the advertising that could be expected for the art show next Fall.

The article about the project we did for Ele's Place is being put together again and hopefully will be in the Needlepointers.
